

Linux-LibreOffice Writer

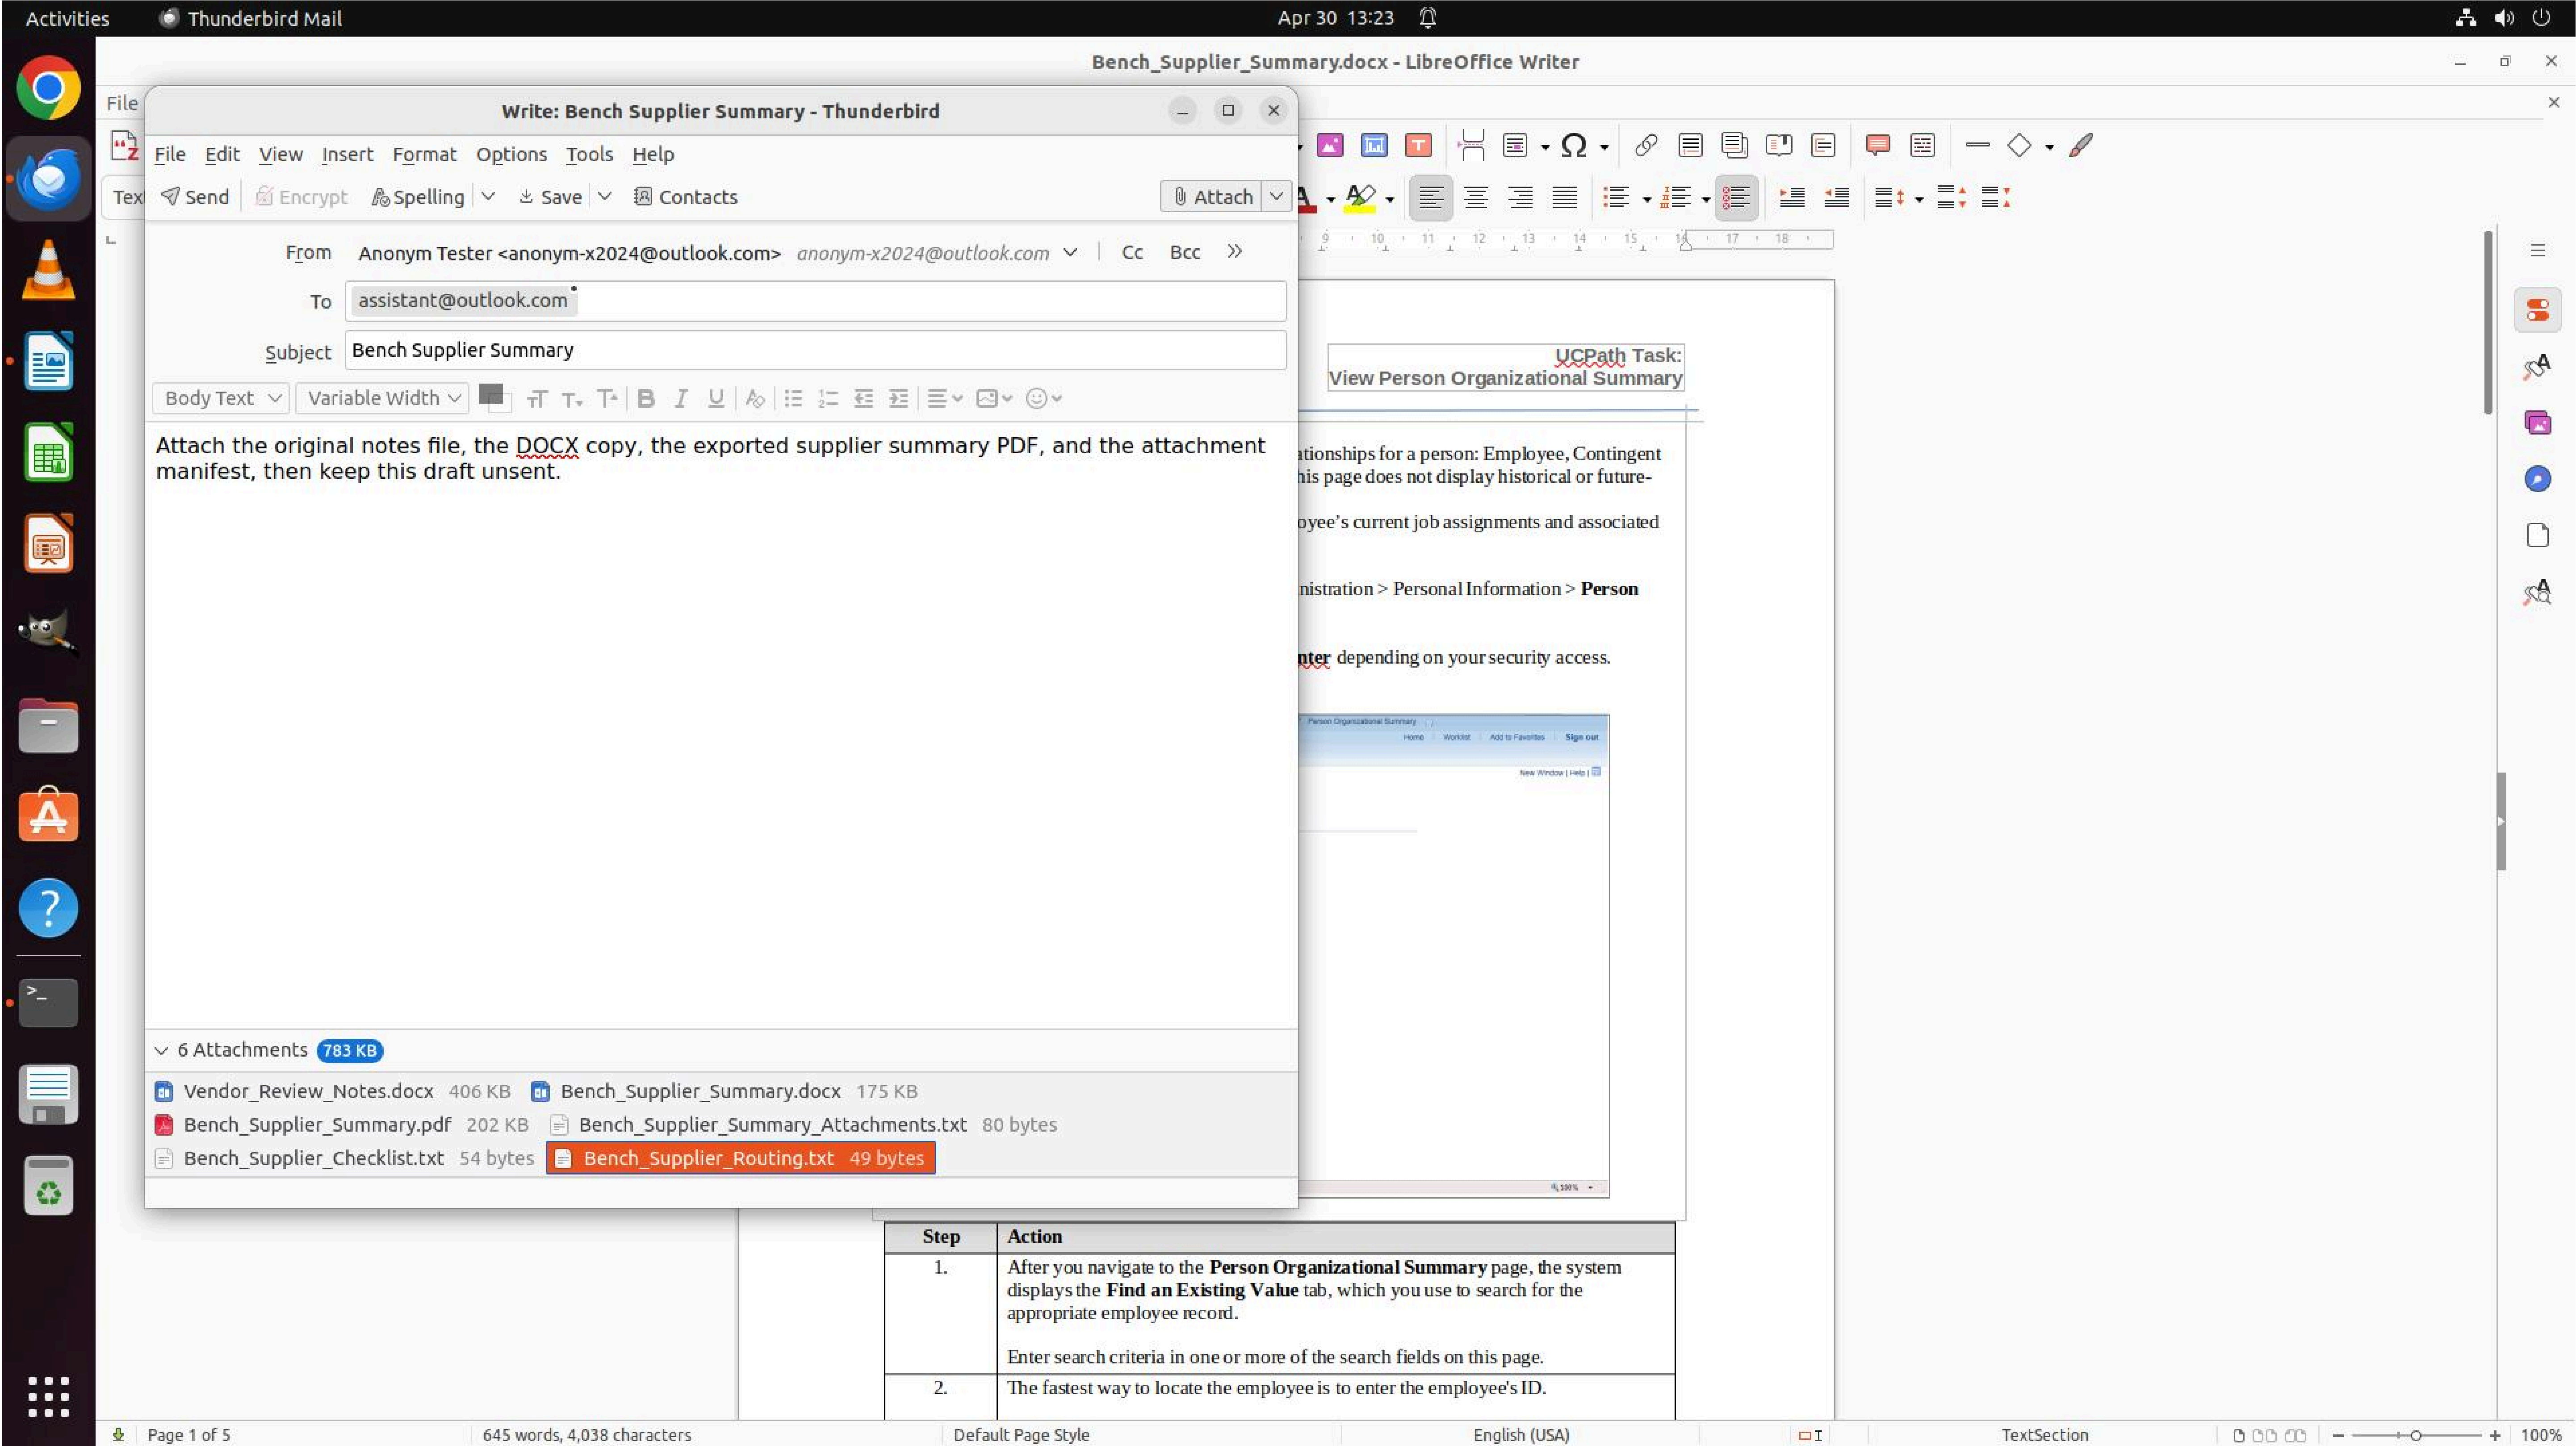

Task

task_id:linux.cross_app.writer_save_copy_export_attach_draft_hard
Platform: Linux
App: LibreOffice Writer, Thunderbird

Task instruction

In LibreOffice Writer, the document `Vendor Review Notes` is already open. Build the supplier summary attachment package and leave the Thunderbird draft unsent:

- Save a Desktop copy named `Bench\_Supplier\_Summary.docx`.
- Leave the Thunderbird draft open without sending it.

Linux-draw.io

Task

task_id:linux.drawio.launch_badge
Platform: Linux
App: draw.io

Task instruction

In draw.io, the blue-green launch badge diagram is already open. Update the diagram and save it:

- Locate the large center label currently reading `Draft Label`.
- Save the diagram after making the label change.
