

Windows-Calc

Task

task_id:

windows.calc.freeze_filter

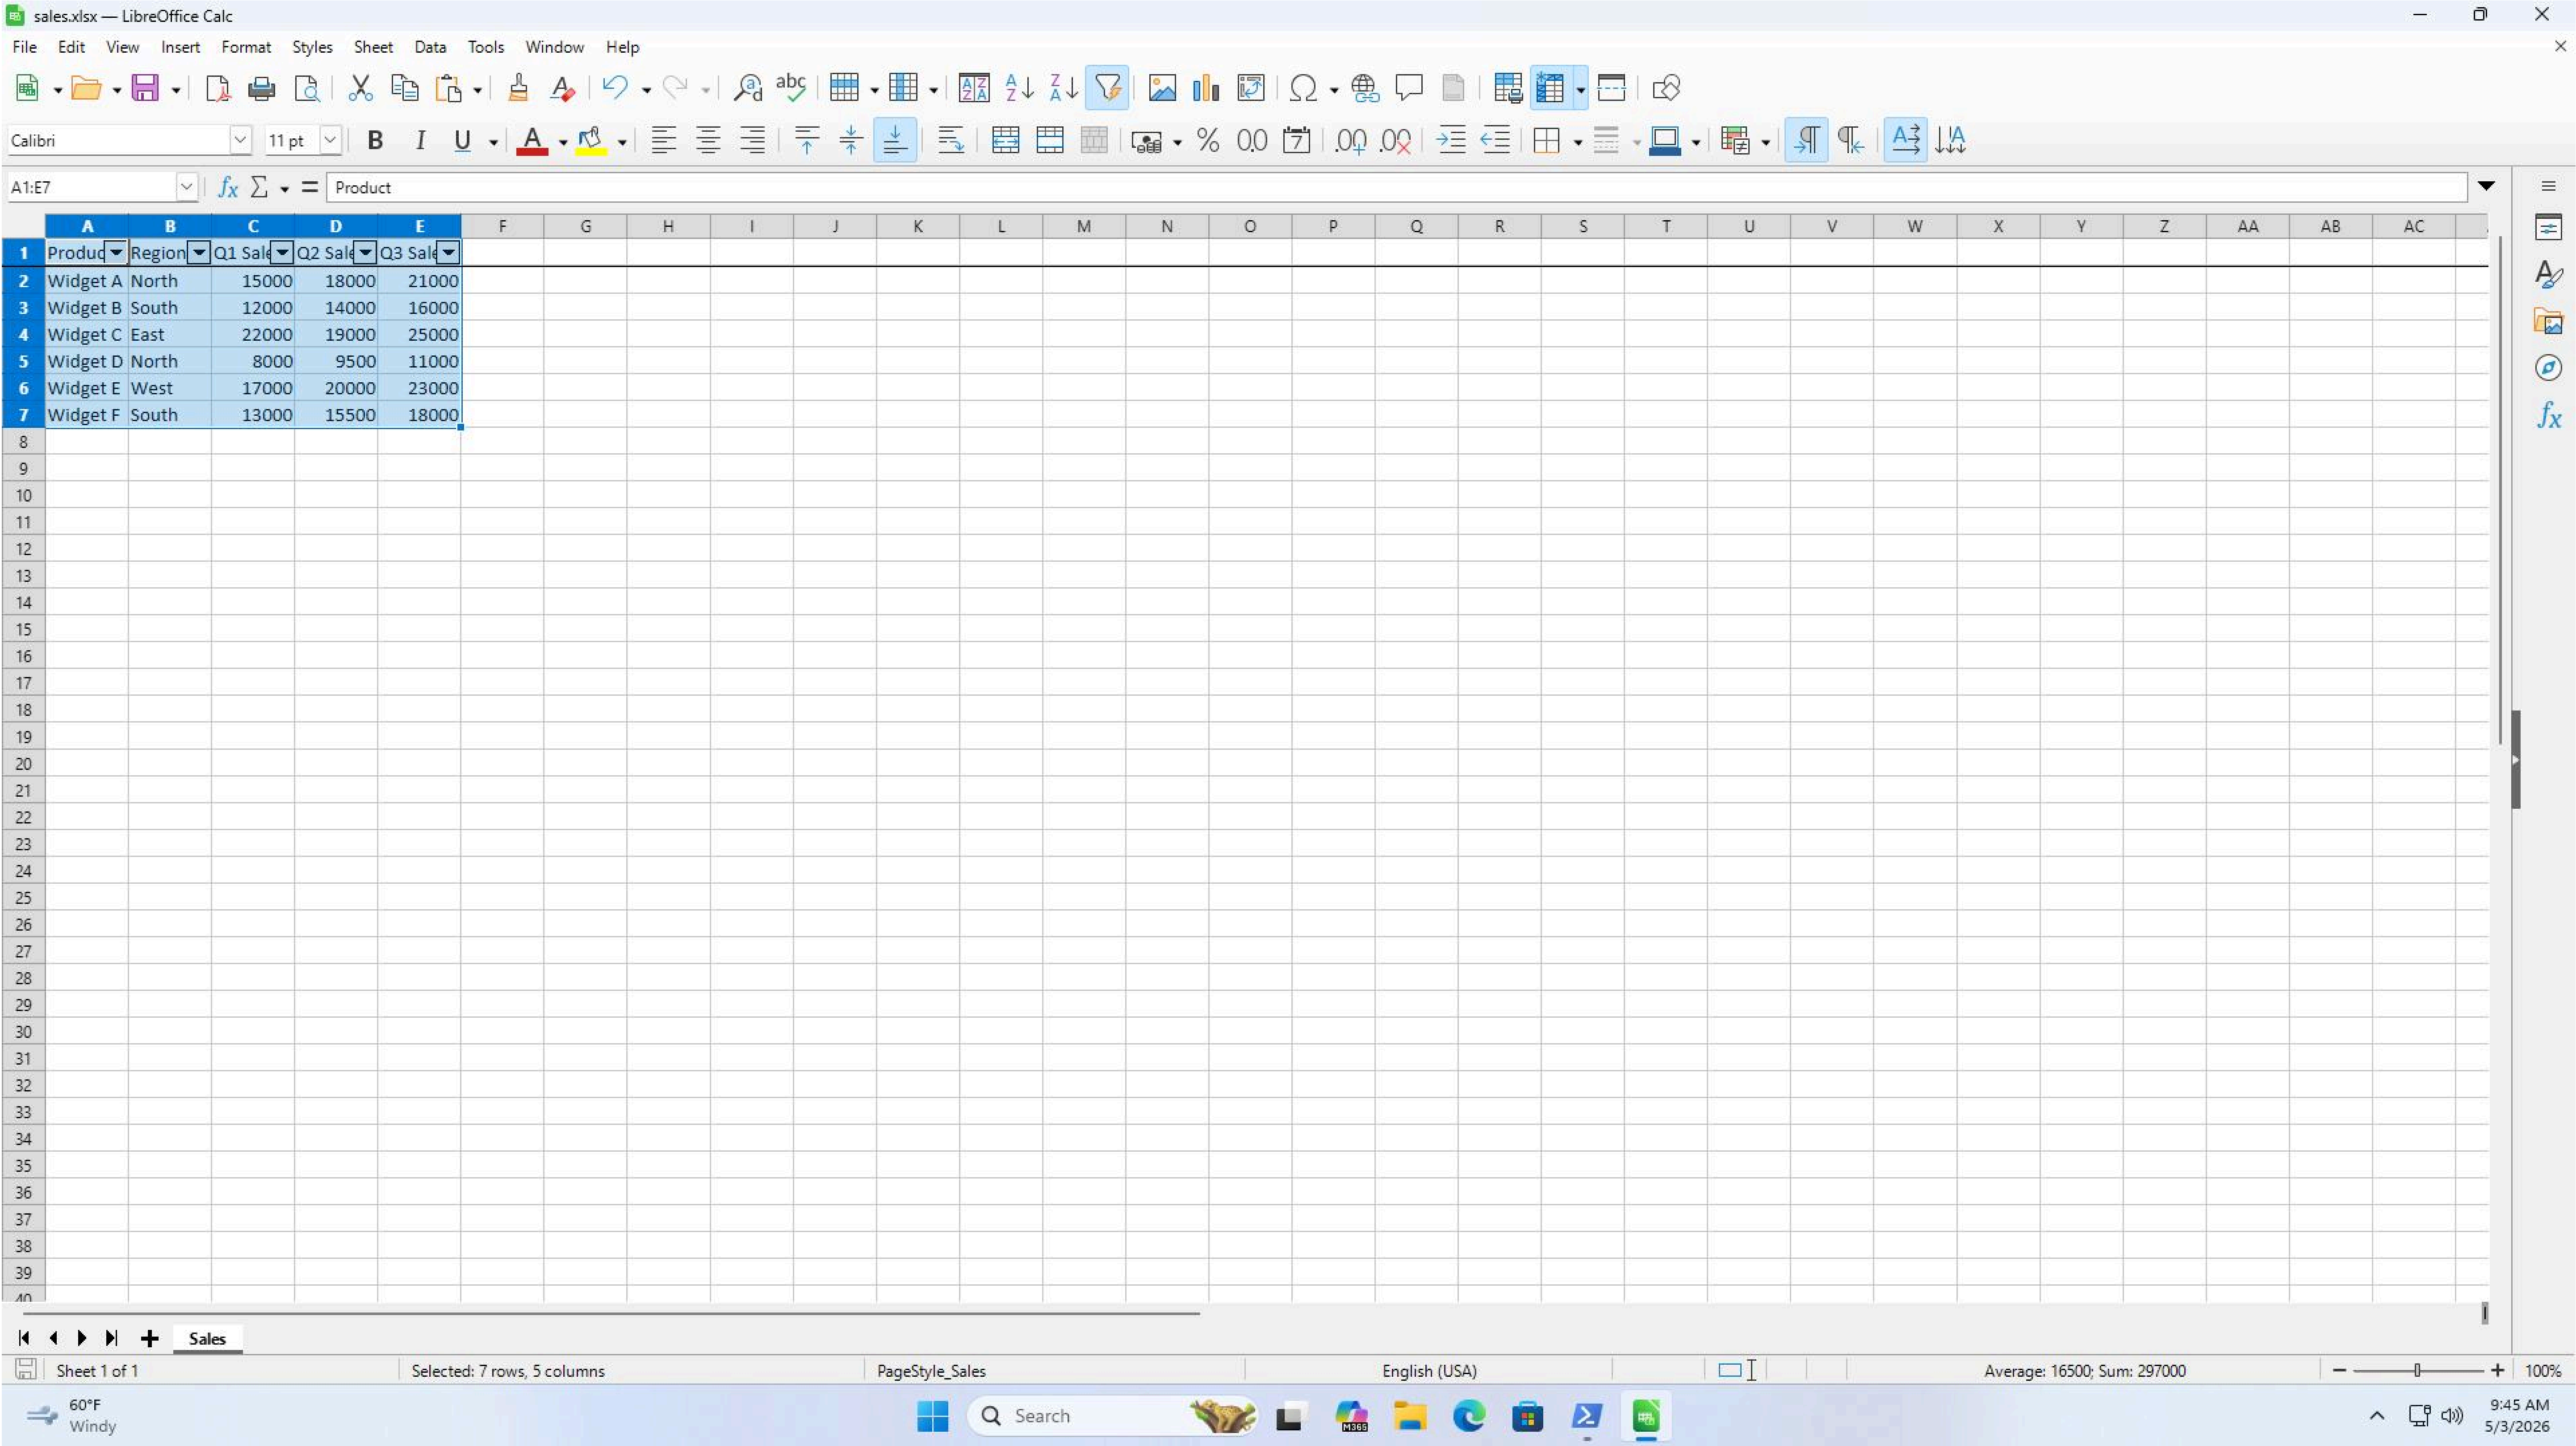

Platform: Windows

App: Calc

Task instruction

A sales data spreadsheet is open in LibreOffice Calc:

- Freeze the header row so it stays visible when scrolling, using A2 as the freeze point so row 1 remains frozen.
- Enable auto-filter on the data columns.
- Save when done.

Product	Region	Q1 Sales	Q2 Sales	Q3 Sales
Widget A	North	15000	18000	21000
Widget B	South	12000	14000	16000
Widget C	East	22000	19000	25000
Widget D	North	8000	9500	11000
Widget E	West	17000	20000	23000
Widget F	South	13000	15500	18000

Windows-Calendar

Task

task_id:

windows.calendar.create_event

Platform: Windows

App: Calendar

Task instruction

Open Thunderbird and switch to the Calendar tab:

- Create a new event called "Team Meeting" scheduled for tomorrow at 2:00 PM, lasting 1 hour.
- Save the event.
