

Windows-Wireshark

Task

task_id:wireshark.open_and_filter_20260503
Platform: Windows
App: Wireshark

Task instruction

In Wireshark (already showing "C:\Users\User\Downloads\sample.pcapng"), apply the display filter "http" and save the displayed (filtered) packets to a new file called "http_only.pcapng" in the same Downloads folder.

Windows-Zotero

Task

task_id:zotero.add_item_by_identifier_20260503
Platform: Windows
App: Zotero

Task instruction

In Zotero, use the "Add Item by Identifier" feature (the magic wand icon in the toolbar) to add a new item by entering the DOI "10.1038/nature14539". Confirm the lookup and verify the new entry appears in My Library.
