

Windows-Impress

Task

task_id:

windows.impress.title_notes

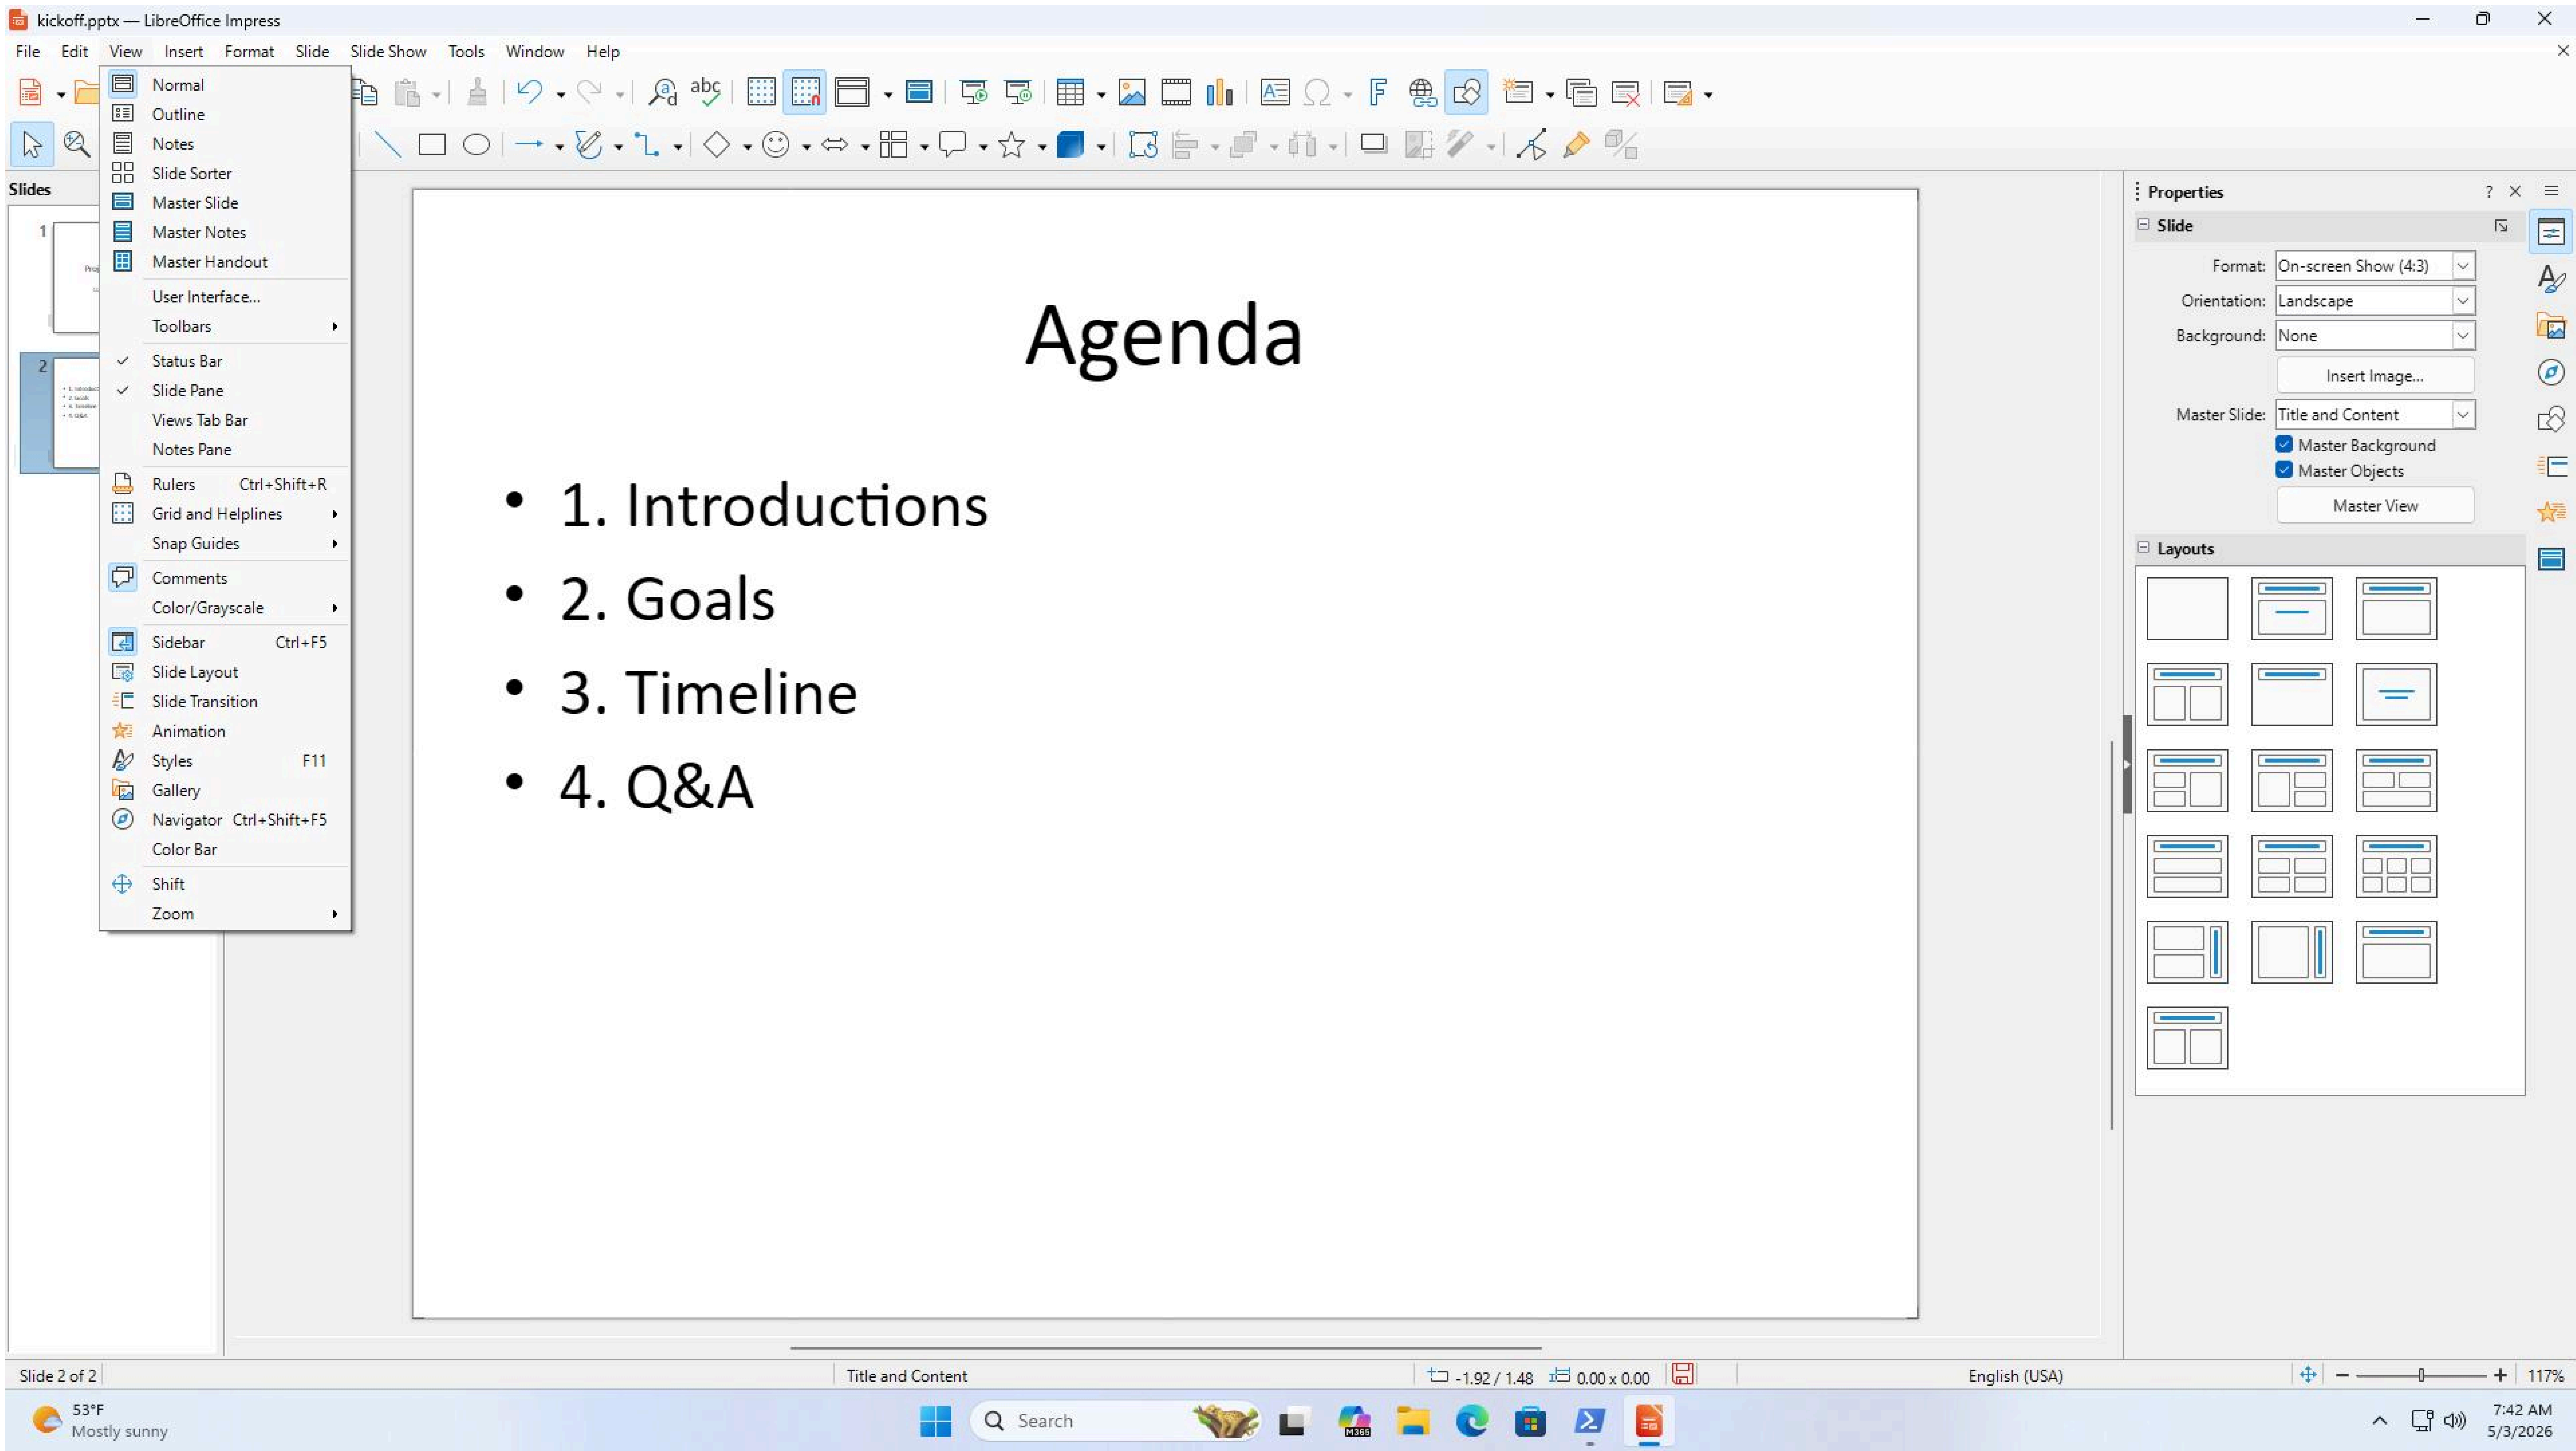

Platform: Windows

App: Impress

Task instruction

A presentation is open in LibreOffice Impress:

- Change the title on slide 1 from "Kickoff" to "Project Kickoff Meeting".
- Add a speaker note on slide 2 with the text "Remember to demo the live system" .
- Save when done.

Windows-Notepad

Task

task_id:

windows.notepad.find_replace

Platform: Windows

App: Notepad

Task instruction

A server list named hosts.txt is open in Notepad:

- Use the Replace feature to change all occurrences of the word "production" to "staging".
- Navigate to the end of the file and manually append 8 new server entries on separate lines, from "10.0.0.21 node21" up to "10.0.0.28 node28".
- Add these 2 final footer lines in this exact order: "# migration complete" and "# verified-by: ops".
- Save when done.
