IOS Calendar: Finalize Schedule With Two Followups

task_id: ios.calendar.finalize_schedule_with_two_followups
Platform: iOS
App: Calendar
Difficulty: High
Tags: ios, calendar, finalize, schedule, with, two, followups

Task instruction
In Calendar, update Bench Outreach Briefing Draft to Bench Outreach Briefing Final from 16:40-17:25 in Cedar Room. Delete Bench Outreach Draft Hold. Add the two requested follow-up events and leave Bench Commute uncha...

Run Result

Model: GPT5.5

Action mode: reflection_pyautogui

Observation mode: screenshot_only

Steps: 100

Initializer:

Evaluation:

Overall status:

PASS

FAIL

FAIL

Failure reason:

The briefing event was updated, but evaluator did not confirm the two required follow-up events and the draft hold was still present.

Error case

IOS Contacts: Reconcile Multi Field Directory

task_id: ios.contacts.reconcile_multi_field_directory
Platform: iOS
App: Contacts
Difficulty: High
Tags: ios, contacts, reconcile, multi, field, directory

Task instruction
In Contacts, update Bench Logistics and Bench Catering Lead with the requested company, phone, email, and note details. Delete Bench Venue Old. Create Bench Security and leave Bench Office unchanged.

Run Result

Model: GPT5.5

Action mode: reflection_pyautogui

Observation mode: screenshot_only

Steps: 100

Initializer:

Evaluation:

Overall status:

PASS

FAIL

FAIL

Failure reason:

Some contact updates were present, but evaluator did not confirm Bench Security, Bench Catering Lead details, and removal of old seeded data.
